Subject: Oxley

Architect Mok Wei Wei has just gotten the written approvals from URA for the redevelopment of Oxley as a partially conserved two storey dwelling with a new 2-storey annex, within the parameters of the current URA guidelines.

In the process, it has been discovered that 38 Oxley has encroached on the neighbouring plot, along the driveway going down to the garage in the annex, roughly the width of the planting strip along the wall.

There is no action required for now, but when we start any redevelopment in future, we will have to return that strip of land to the neighbouring plot.

The redevelopment plans are marked secret for security reasons. URA has also a letter sealed and marked secret for you. The architect Mok WW does not know what URA has put in their letter to you.

I'll arrange for Loong's SO to deliver the sealed URA letter and a set of the URA approved plans to you tonite.

Please let me know if there is anything else I need to do to follow up on the URA letter to you.

Thank you.
